**Class Sessions**

The first week, Leni and her brother Nico are doing class together. Leni did a great job walking into the classroom and introducing herself to everybody. In her first class today Leni played Jenga with her brother and mother. With her mother's help she answered all the questions. Then she worked on a wooden art animal, in the form of a turtle she chose before. She decided to paint it red. She really enjoyed doing this art project and smiled a lot.

In Tuesday's class session Leni finished painting her turtle and added blue stars. Then she wrote her name in green letters and added googly eyes. After that we moved on playing Uno with her brother and her parents. As she won the game she was very happy and smiled. We went on with doing a shaving cream and food coloring activity. Leni did not want to touch the shaving cream, but helped adding the color. She was smiling a lot while we had class.

We started Wednesday's class by saying hello to everyone in the classroom with a high five. Then we took the bubbles to color a pillow case. Leni did a great job blowing the bubbles, but she didn't touch them to get them on the pillow. After that we added some handprints. Therefore Leni painted the hands of her family but didn't want her hand to be painted. Then she did great getting painting on her foot. At the end Leni played Guess who with her brother with the help of her grandfather and the intern.

On Thursday we started class by saying hello to everybody with the iPad. We then added some details to the handprints on Leni's pillow case. Leni did a great job choosing colors by using the iPad. In the end Leni did another painting activity. She painted a dolphin and a turtle on a t-shirt.

The second week, Leni and her brother did classroom sessions together again. Leni said hello to everybody with her iPad. Then she worked on her t-shirt and added a sea star and a crab. During this classroom session she chose the colors with her iPad. We then moved on and started sand art. Leni did a great job filling the container with sand. In the end Leni played Guess Who with her brother and won. She did very good in classroom session today! Leni was very excited to tell everyone (with her iPad) that she said she wanted to use the restroom during the weekend. The is a very big deal for her.

On Tuesday Leni finished her t-shirt and added bubbles. She chose the colors with her iPad. She did great doing the bubbles but didn't want to spread them on her t-shirt. She then did a great job blowing them on her t-shirt with the help of the intern or a family member. After that we moved on and started a playdo and turned it into a picture frame. Leni decided to form a heart for her parents. In the end of this classroom session Leni had fun with Sadie, the dog of the therapist, and rubbed her. This was a great classroom session, Leni!

We started Wednesday's classroom session with playing Headbanz. Leni did very good giving clues with the iPad and guessed fast what she was. Then we started another painting activity. Leni decorated a bag with some sea animals and wrote her name on it. After that she spread some colors on it. She was very happy when she saw how beautiful her bag was. Good job, Leni!

On this last class day Leni had a lot of fun. We started with playing Headbanz. Leni gave good clues with her iPad. Then we played Jenga and Leni was calm and did a great job. After that we finished the photoboard. Leni and her brother worked great together gluing the pictures on the board. Then she chose some stickers which she added to the photos and wrote her name. Leni did a really great job during this two weeks in classroom. She improved in making choices and language. Bravo, Leni!

### **Swim Sessions**

Leni had a very successful and enjoyable first swim with Lotus. In the beginning she didn't want to go into the water, but after a few minutes she did and had a big smile on her face. The therapist and Leni started with some slow activities like kissing and doing a handshake. Then they tried some fast activities as well. Leni enjoyed riding on the surfboard together with her brother and the therapists. Other different behaviors Leni experienced and participate in whilst in the water were; playing with a duck, foot pushes and jumps. Leni was laughing during the whole session and enjoyed it. Good job Leni.

Tuesday's swim saw Leni grow more confident in the water, she was seen smiling throughout and had fun. Her favorite behavior today was the fast swim with the surfboard. She also could make verbal choices when the therapist asked her for. For the first time, she wanted Lotus to give her a kiss.

On Wednesday Leni was very excited to go into the water. Her favorite activity was the footpush and riding a surfboard. She also enjoyed giving a hug to Grace together with her brother. Leni didn't want to give a kiss to the dolphin. She laughed during the whole swim session and did a great job.

On Thursday swim Leni couldn't wait to go into the water. She chose to go on the board again and was super excited about it. She really enjoyed the fast activities. Also she got a present from Lotus and seemed very happy when Lotus and Grace did jumps. She still didn't want to give a kiss to Lotus. Leni had much fun during water sessions this week!

This Monday swim was very cool for Leni. She enjoyed doing bubbles, speaking, singing and dancing and hugs. Her favorite activities still were the fast ones as doing a superman or a belly ride. She also did a great job holding Fiji's tail fin and rubbing it. She still didn't want to give a kiss to the dolphin. Leni was happy during the whole swim session!

On Tuesday Leni did lots of funny things in the water. She asked the dolphin to talk and sing and dance. Also she did some rubs together with her grandparents. Leni loved to get footpushes and enjoyed riding on a board. She smiled and laughed the whole time and is already excited for the next day to swim. Good job Leni!

On Wednesday Leni did a great job in the water. She kissed the dolphin for the first time and smiled a lot. She really enjoyed going fast on the board which she did twice. Leni also liked the jumps and belly rides. Other activities were handshakes, singing and dancing, footpushes and bubbles. Leni was very happy during the water session!

Leni had a lot of fun during swim session on this last day. She was excited to go fast with the board and to do belly rides. She also really liked the dolphins doing jumps. Leni grew very confident in the water during these two weeks. She always enjoyed going fast but also giving hugs to the dolphins. The only thing she didn't like was giving kisses to them. Leni did a great job during water sessions!
